**Via Maxima.** KAIULANI DRIVE—Aptly termed, the Via Maxima or Grand Boulevard, and in itself an artistic piece of engineering—affords easy access to all points, as also scenic and marine views of exquisite grandeur at every turn.

**Electric Railway.** Contracts have been let for material, and installation placed in the hands of a competent electrical engineer to be fully completed by June 1st. Having an independent power plant we are prepared to furnish power for electric lighting, heating and other purposes, to our home builders at most reasonable rates.

**As Promised.** Our reservoirs are now completed and water mains laid so as to supply each lot. Permits for making water connections will be granted on application. An inspection of the attractive homes now building, or the name of purchasers of lots, will convince anyone that PACIFIC HEIGHTS is the choicest and most select of all the residence sites of Honolulu.

### Prophylactic Verse.

WHY?

The prophylactic serum is a great and good invention, For each hyperdermic cocktail there's extravagant contention; But the noble Board of Health profess, they really cannot see The rhyme or reason of their pet's large popularity.

THE REASON.

Jones went down town and met a friend (on Jones there's no reflection) But closing time found him plus drinks, an ultra fine selection; He tumbled home, aroused the house, and when his wife emphatic Remonstrated, replied "M' dearsh the—hic—jag is prophylactic—hic!" A.

AT LAST.

Organization Established for a Hospital for Incurables—Send in Your Contributions.

The need of a hospital for consumptives, incurables and others, who cannot be admitted into the Queen's Hospital, has long been acknowledged. Such a hospital has now been running for three weeks under the direction of the Board of Health, and all that is required is the sympathy and support of the public for it to become a permanent institution. Its history is this: When the period of detention in the several detention camps was ended, it became necessary for the Board of Health to have one hospital for persons falling sick in the relief camps or elsewhere.

For this purpose the two-storied building within the kerosene warehouse compound, formerly the residence of the Franciscan Sisters, when they had charge of the branch leper hospital and Kapiolani Home on this site, was utilized by the Board of Health. The first patient was Kanae, who was found in Palama, dying of consumption, in a pitiable condition.

Under the superintendence of Dr. Bowman this building is now fully equipped as a hospital. There have been as many as 25 patients at one time during the last 3 weeks. On the 18th inst, there were seventeen inmates—cases of typhoid, pneumonia, consumption and beri beri.

Under pressure of a call for some reduction of the present extraordinary expenses, it seemed necessary to the Board of Health that this hospital should be closed and the sick people removed to the Kalihi detention camp.

Had this been done, a great opportunity would have been lost. Application was therefore made to the Board of Health for leave to carry on the hospital by public subscription, the board granting the use of the building with its equipment. This was readily given by the Board, and so an opportunity is now offered for supplying, in a humble way, one of the greatest needs of the city without incurring the expenditure that would be required if a site had to be purchased and buildings erected.

Being already in running order, the hospital can be carried on at a very moderate cost. Mrs. Willis, who has given her ministrations here from the first, is willing to continue her services in the work and administration of the institution for the present. Although it is necessary for the present to admit cases of all kinds which are refused elsewhere, so long as the fear of plague continues, the object which the promoters of this appeal have in view is to provide a hospital for consumptives and incurables.

To carry this object into effect, the undersigned propose an organization consisting of a president, secretary, treasurer and two directors, who, with the 3 officers named, shall constitute the permanent directors; that the directors should

appoint a board of 3 managers, whose duties it should be to carry on the hospital, providing the necessary medical assistance, nurses and other employes, food and medicines, and to administer the funds voted by the directors.

The undersigned propose the following names for directors: President, Bishop Willis; secretary, A. L. C. Atkinson; treasurer, S. E. Damon; President Dole, Rev. Father Valentine.

Being already responsible for the running expenses, the undersigned ask for contributions, to be paid to the treasurer or to the account of the "Kerosene Hospital Fund," at Bishop's bank. At the end of a month the cost of the institution will be ascertained and the accounts will be published.

#### Faded Roses Whisper.

Why does not some kindly-disposed person talk seriously to the sweet girl debutante and tell her that breezy slanginess is not a strong suit in the game of life, and if she wants to draw a winning hand she must act with reserve and delicacy. The remark was made by an old poker player, a man who had ventured to a society dinner not long since, and whose opinion thus expressed voices that of all men whose opinions are worth having.—S. F.
