

LOCAL AND GENERAL.

A sale of lease of government land in Kohala, Hawaii, is advertised for August 9th next.

The minister of the interior advertises a sale of lease of government land in Kohala on August 9.

The minister of the interior gives notice in the "by authority" column of several sales of government land.

Act No. 42, conferring additional jurisdiction upon certain district magistrates appears in the "By Authority" column.

H. C. Adams has been appointed commissioner of fences for the district of Koolau, this island, in place of W. H. Lowell, resigned.

Copies of Thrum's Almanac for the following years are wanted at the GAZETTE office: 1875, 1876, 1877, 1878, 1879, 1881, 1887, 1891, 1892, 1893.

The late Mrs. Louisa Johnson Bindt was 50 years of age and was buried at Kawaiahoe cemetery beside her mother's grave, and not at the Nuuanu cemetery as reported.

A native writes from Kauai that Koolau is still in Kalalau valley, and that he fired his rifle as a farewell salute while the steamer Iwalani was well towards Haena last Wednesday.

The engagement has been announced of Miss Millie Ashe, the daughter of Mrs. Caroline L. Ashe, and Harold M. Sewell, of Washington, D. C., formerly consul to Samoa.—San Francisco paper.

The following graduates of Oahu college will leave by the next Australia to attend American colleges: A. F. Judd, Jr., J. R. Judd, and C. M. Cooke, Jr., will enter Yale, while Alexander Atherton goes to attend school at Amherst.

The Hawaiian Hardware Co. enumerates a number of useful articles in their column this morning. In addition to those mentioned as on hand they will receive by the S. N. Castle a lot of bird cages which they will sell very cheap.

W. W. Chamberlain, lately book-keeper at Theo. H. Davies & Co.'s branch store at Honokaa, Hamakua, Hawaii, came down to Honolulu by the steamer Lehua last week afternoon. Willie is going by the next Australia to see the World's Fair.

The following gentlemen have been re-elected officers of the Wm. G. Irwin & Co., L'd., for the ensuing year: Wm. G. Irwin, president and manager; Claus Spreckels, vice-president; W. M. Giffard, treasurer and secretary; T. C. Porter, auditor.

The new upholstery and furniture store of Messrs. Ordway & Porter, on Hotel street, Robinson Block, is now open to the public. This firm will keep in stock the latest lines in furniture of all descriptions. They will manufacture and repair furniture in a first-class manner, the proprietors being practical men.

It Reaches Molokai.

The tug-of-war craze has reached the leper settlement at Molokai. On the Fourth of July, while the leper Koolau was shooting soldiers at Kalalau, the happy and contented lepers of Molokai were celebrating the day with a tug-of-war contest between teams from Kalanapapa (947 lbs.) and Kalawao (1047 lbs.). The Kalawao team carried the honors. A collection of \$10 was taken up for the victorious team.

Reward for Koolau.

It is understood that the government has determined to offer a reward of \$1000 for the body of Koolau the leper outlaw to be delivered either dead or alive to the proper authorities. The official announcement will probably be published within the next twenty-four hours.

Fire in Chinatown.

On Saturday evening about 10:45 o'clock, the fire department was called out to extinguish a small fire on Maunakea street, near Hotel. The blaze was caused by someone who threw a lighted cigar end under a house. But little damage was done.

Around the Island.

Messrs. A. L. C. Atkinson and T. P. Cummins, who left town yesterday morning at 4 o'clock on a record-breaking trip around this island on wheels, arrived in town again same day at 4:58 P.M., covering the distance in 12 hours and 58 minutes, including stops.

MAUI NEWS.

SERIOUS RESULT OF CELEBRATING THE FOURTH.

Society News and Stray Scribbings.

MAUI, July 15.—"Action is equal to reaction in the opposite direction,"—hence after the excitement of last week's celebrations; the serenades by stringed bands during the early hours of the 4th, the long and exciting race day amid Kahului's wind and dust, the picnic in Makawao, and the two dancing parties in the evening,—a most serene and perfect quiet has been the order of the last seven days on Maui.

On the night of the 4th mauka of Kahului, upwards through Spreckelsville towards Haleakala, many a rideless horse wandered about, and many a rider full of "glory" made a couch of mother earth. A collision or two have been reported, but no serious casualty, excepting in the case of an aged Hawaiian who is now in Wailuku hospital in a comatose condition, still nursing a badly bruised skull,—the result of a superlative celebration of the great day, a fall from a restive horse, and exposure caused by a night's slumber among the sand hills of Spreckelsville.

STRAY SCRIBBLINGS.

Last Saturday Miss May Bailey who has been visiting at D. D. Baldwin's at Haiku, departed for Makawao via Honolulu.

Mr. Luther Zumwalt also left for Kauai, having made arrival and departure during the same week.

At the polo game on the Makawao grounds during the P. M. of the 8th, a most exciting contest took place with sticks and ball. The winning side generally being the one assisted by the strong trade wind.

J. W. Kalua, Esq., together with some lady friends are to be credited with the pretty decorative effects of the skating rink during the night of the 4th. Mrs. T. J. McLaughlin is to be thanked for the elegant badges worn by the gentlemen in charge of the evening's amusement.

Miss Katie Fleming of Punahou is a great addition to the Makawao church choir, and Dr. Fraser, Mr. Gulick's substitute from California, though weak in voice is strong and earnest in expounding good doctrine.

La grippe is losing its grasp on Maui—warm weather and the regular trades have dealt it a death-blow. The Wailuku hospital, which has of late been full of patients, has now but six or seven.

Surprise parties seem to be most popular in Makawao recently. Last Thursday evening twenty-five young folk met at the Hamakua-poko reading room, and when all was ready, promenaded to the cottage occupied by Miss Ethel Mossman and her father, completely surprising the young lady. The gathering was made in honor of her birthday. Of course a pleasant evening was inevitable.

Makawao and Kealahou schools close on Monday the 17th; Hamakua-poko on the 18th and Paia and Wailuku hold receptions on the 18th.

Mr. and Mrs. H. Nishwitz, who for several years have been conducting the Kealahou (kula) school, will soon leave for the Coast expecting to be absent five or six months. The gentleman has been and is still suffering from a severe attack of grippe.

Mr. and Mrs. E. H. Wodehouse, of Honolulu, and Mr. C. Sneyd-Kynnersley, of Kohala, are the guests of Mr. and Mrs. Louis von Tempky of Kula.

Mr. Wodehouse and bride will visit the Makawao polo grounds this afternoon and witness a sharp contest which is partly given in honor of the newly-wedded couple.

That the tax on light brakes has been reduced to \$2 (when valued less than \$75), is received with favor on Maui.

Query:—Why not change the position of the grand stand so as to avoid wind and dust, gentlemen of the Maui racing association?

The Maui Teachers' association hold their second meeting at Wailuku government school house during Thursday and Friday, the 20th and 21st instants.

The bark Colusa, Capt. Johnson, could not make the harbor Wednesday night but lay outside and

came in during Thursday A.M. the 17th, inst. She came in ballast and made the trip from Central America in 6 1/2 days. She will be busy for a week or more loading sugar.

The Makawao picnic on the 4th occurred in the beautiful grounds of H. P. Baldwin, Haiku.

Weather:—Hot, windy, and dusty—so much so, that people are beginning to seek a mountain climate. Miss Paris's Haleakala residence is full of guests, and Mr. and Mrs. B. D. Baldwin and Mr. and Mrs. Ehlers of Honolulu are occupying the Olinda House.

Maui, July 15, 1893.

CHAIN LIGHTNING.

Doctored Liquor for the Indians of Alaska.

Over fifty barrels of whiskey have been landed from the steamer Australia. This is evidence that a number of whalers will soon put in at this port for supplies. In speaking of this whiskey the San Francisco Examiner says: "There is a law against selling whiskey to the Indians in Alaska, yet 200 barrels of the stuff is sold there by the whalers and sealers every year.

"When the steamer Australia leaves for Honolulu part of her cargo will consist of fifty-five barrels of whiskey, and it is an open secret that it is sent down to be placed on board the whalers bound to Bering sea.

"The liquor is doctored and adulterated, so that by the time it reaches Alaska it has doubled in quantity, and is a first-class article of chain lightning."

"The Indians will give everything they possess for the whiskey, and the captains find it far better than gold in trading with the natives."

SATURDAY'S GAME.

The Kams. Defeat the Hawaiis by a Score of 4 to 1.

A fairly large audience witnessed the game last Saturday between the invincible Kamehamehas and the Hawaiis. The audience showed their appreciation of the good plays made by the players by giving loud applause.

The Kams. introduced two new faces on the diamond, Henry Wise and W. Bridges, who played as pitcher and catcher respectively. These new comers were worthy successors of Messrs. Meheua and Baker, who filled other positions during the game. The Kams. defeated the Hawaiis by a score of 4 to 1, the game lasting 1 h. 7 min.

The Hawaiis made their only run in the 7th innings, while the Kams. made 2 in the 1st and 1 each in the 3d and 4th innings. Mabuka made a daisy double play in the 7th innings, putting out Pryce and Willis. The score by innings was as follows:

Hawaiis.....0 0 0 0 0 1 0 0-1
Kamehamehas.....2 0 1 1 0 0 0 0-4

A MILITARY COURT.

Some Talk of Holding One at an Early Date.

It is understood that a military court of inquiry will be held at an early date to investigate the deaths of Anderson, McCabe and Hirschberg, the three men who were killed in the Kalalau valley, during last week. It is expected that a charge of interference will be brought against Larsen, who, it is claimed, ordered the soldiers about without the knowledge of Lieut. King. The investigation promises to be an interesting one.

Benefit to Mrs. Stolz.

Mr. W. B. Ash and others are arranging a benefit to be given the widow of Deputy Sheriff Stolz, killed by the leper Koolau. The benefit will be under the patronage of prominent citizens and officials, and will be held at the Opera house on July 22. The entertainment will consist of a musical act and theatricals. The programme will be published hereafter. The Hawaiian band will furnish the music.

Affairs in Hawaii.

Mr. Henry N. Castle, who lately occupied the editorial chair of this paper, is now in Chicago taking in the World's Fair. From a private source it is learned that while he was in New Haven, Conn., he delivered a lecture before a large and appreciative audience. His subject was "Political Affairs in Hawaii." He has been requested to repeat the lecture at other points in the United States.

BOARD OF HEALTH.

NEW RULES AND REGULATIONS FOR THE LEPER SETTLEMENT.

Contract for Paia Awarded.

Dr. Oliver Granted Leave of Absence—

Report on the Vaccine Farm—The

Next Examination of Lepers—

News from the Settlement,

etc., etc.

The board of health held a called meeting last Saturday morning at 11:20 o'clock, to consider tenders for paia for the leper settlement. Several matters of special business were taken up and as many more went over to the next meeting to be called by the president.

There were present President W. O. Smith, members John Ena, Dr. Day and J. O. Carter and Agent C. B. Reynolds.

Messrs. Bailey and Richardson of the Hawaiian Fruit and Taro Company were also present on invitation of President Smith.

The minutes of the previous meeting were read. On motion of Mr. J. O. Carter the minutes were approved and the action taken by the last meeting when the rules and regulations of the leper settlement were adopted, was affirmed by the full board.

The following are the new rules and regulations as they stand, signed and approved by the government.

RULES AND REGULATIONS FOR LEPELERS AND KOKUAS LIVING AT THE LEPER SETTLEMENT ON MOLOKAI, PROMULGATED IN ACCORDANCE TO SECTION 5B OF CHAPTER XXXIII. OF THE LAWS OF 1870, AND SECTION 2 OF CHAPTER LXXI. OF THE LAWS OF 1888.

Section 1. All lepers and kokuas are required to live in an orderly and peaceable manner, and to respect the laws of the Hawaiian Islands as well as the rules and regulations of the board of health, and lawful orders of the superintendent.

Sec. 2. Lepers shall not leave the settlement except on an order from the board of health, under penalty of punishment by fine not to exceed twenty-five dollars (\$25) or imprisonment not to exceed thirty days with or without labor, as the case may require.

Sec. 3. Lepers shall not scale or climb up the pali without a permit from the superintendent, and then not beyond the limit prescribed by the superintendent.

Sec. 4. Lepers and kokuas shall not enter or live on the kuleanas, or in the houses owned by the kamaainas at Kalapapa or other portions of the settlement. Any person violating any of the above rules will be liable to a fine not exceeding (\$20) twenty dollars, or imprisonment with or without labor for a term not to exceed (40) forty days.

Sec. 5. All able-bodied lepers are required to keep the surroundings of their houses clean; and to whitewash or cause to be whitewashed the houses in which they live, which are not painted with oil paints, inside and outside, twice a year, at intervals of six months, for which lime and brushes will be furnished. On failure of lepers to comply with this rule, without showing good cause, the work will be done for them at their expense.

Sec. 6. Noises after 9 o'clock in the evening and disturbances of the quiet of the night are forbidden under a penalty of a fine not to exceed five dollars or imprisonment with or without labor not to exceed ten days.

Sec. 7. The inmates of the homes or hospitals shall conform to the rules and regulations made by those in charge of the said homes or hospitals, under penalty of dismissal from the same.

Sec. 8. Lepers are permitted to build houses for their own use, and to select building sites, subject to the approval of the superintendent of the settlement; provided however, that, if at any time the Board of Health desires any such land for any purpose, the board shall have the right to remove any house thereon to another site. All expenses of moving shall be borne by the board, and the board shall pay to the owner of the house all actual damage caused him by reason of such removing.

Sec. 9. They may sell or give away or devise by will such houses, but only for the use and occupation of other lepers, and with the knowledge and approval of the board of health.

Sec. 10. No leper shall be permitted to build or own more than one dwelling house.

Sec. 11. Property left by lepers who have died without leaving a will, and who have no legal heirs at the settlement will be sold at public auction and the proceeds, after deducting the lawful expenses, will be remitted to the president of the board of health for the benefit of the legal heirs of the deceased, and if after due advertisement in an English and Hawaiian newspaper, no lawful claimant shall appear, such proceeds, after deducting the expense of advertising, shall be turned over into the public treasury as government realizations.

Sec. 12. Lepers may leave their personal property and effects at the

settlement by will, but only by a written will, signed in the presence of not less than two witnesses, one of whom shall be the superintendent of the leper settlement, or other officer authorized by the superintendent.

Sec. 13. After the death of a leper no claim for services rendered him will be allowed unless proofs are produced that the deceased in his lifetime verbally acknowledged such service in the presence of a credible witness, or may have been by him acknowledged in writing, signed in the presence of the superintendent or other officer authorized by the superintendent.

Sec. 14. Lepers trusting one another do so entirely at their own risk, as they will not be assisted in collecting claims by the board of health or the superintendent.

Sec. 15. Lepers are allowed to plant on the lands of the board of health and to dispose of their crops without giving a share to the board, or paying for the use of the lands. They may select grounds suitable to the crops they intend to raise, subject however to the approval of the superintendent. But no one shall be allowed more land for his or her own use, than he or she can cultivate; nor shall he or she be allowed to transfer such planting ground to another without the knowledge and consent of the superintendent; provided, however, any person to whom land for planting has been assigned who neglects to plant on the same shall forfeit his or her right to the said land, and such planting ground may be assigned to another person.

Sec. 16. No person who is not a leper shall be allowed to live at the leper settlement as a kokua for lepers, without having first obtained written permission to do so from the board of health.

Sec. 17. Every kokua must minister to the wants and necessities of the lepers for whom he or she has been permitted to live at the settlement. Any kokua who deserts or neglects the leper with whom he or she obtained the permit shall forfeit such permit, and shall be expelled from the settlement.

Sec. 18. All permits of kokuas terminate with the death of the party or parties for whom they have been serving as kokuas and such kokuas must leave the settlement on or before the expiration of two weeks after the death of such party or parties; provided, the physician at the settlement shall, on examination, pronounce such kokuas to be free from all suspicion of leprosy.

Sec. 19. Kokuas must work for the board when called upon by the superintendent, and for such services they shall be paid fair wages; provided, however, they shall not be called upon by the superintendent when the condition of the party or parties for whom they are kokuas shall demand their constant presence and attendance, for which the certificate of the physician shall constitute a sufficient proof.

Sec. 20. Kokuas may build houses for the party or parties for whom he or she is the kokua, under the same condition as lepers.

Sec. 21. Kokuas shall not be entitled to rations of any kind. They shall not be allowed to own horses or dogs at the settlement. Food rations, however, may be issued to them in lieu of services rendered to the board, on the recommendation of the superintendent.

Sec. 22. Kokuas shall not leave the settlement without the written consent of the superintendent, and then only on important business concerning the board of health.

Sec. 23. Any kokua, duly convicted for violating the laws or for disregarding the rules and regulations of the board of health, shall forfeit his or her permit, and must leave the settlement within one week after conviction, or suffer the penalty provided by law.

Board of health, by its president,
WILLIAM O. SMITH.

Office of the board of Health, Honolulu, July 15, 1893.

We hereby sanction and approve of the foregoing rules and regulations:
SANFORD B. DOLE,
Minister of Foreign Affairs.
J. A. KING,
Minister of the Interior.
S. M. DAMON,
Minister of Finance.
WILLIAM O. SMITH,
Attorney General.

President W. O. Smith stated that the tenders for supplying the leper settlement at Molokai with paia for the next two years would be read. The Hawaiian Fruit and Taro Company had held the contract for several years past and received sixty-three cents a paia. This was the least they could furnish it for and guarantee the supply and quality of the paia.

The bids ranged from 63 cents to 49 1/2 cents a paia, to be delivered under the terms of the contract.

Considerable discussion took place as to the reliability of the persons tendering and the feasibility of accepting the lowest bid. Several facts of more or less importance and interest were brought out during the discussion. Mr. Bailey stated the regular order was for the month, but the weekly order sometimes largely increased the supply needed and was received about six hours before the paia was shipped. It took at least 150 acres of growing taro to keep up the supply for the settlement under the terms of the contract. The amount demanded at the settlement would average about 750 paia a week.

The question of raising the bond required was also discussed and it was determined it should remain at \$1000.

The tender of Lee Chu of Honolulu, was accepted to furnish paia to the leper settlement for the period of two years at the rate of 49 1/2 cents a paia, under a contract and bond to be drawn and approved by the president of the board.

Dr. Oliver was granted a leave of absence for one month during the coming fall to allow him to transact some necessary private business in the district of Kan., with the understanding that Dr. Oliver furnish a substitute during his absence.

A letter from Superintendent Meyers was read which included his monthly account of expenses. It

also stated that the steamer Lehua had landed the last lot of lepers sent up and that as only three of them had entered the Bishop home for treatment the expected crowding had not taken place.

Dr. Goto's last letter for more medicines was read. The secretary stated that the medicines had already been forwarded.

The matter of the charges against the Japanese physician near Hilo together with a letter containing his reply to the same went over until the next meeting of the board.

Dr. Day stated that they had not yet been able to get the vaccine farm started owing to the fact that the virus thus far used had not taken. They had sent East by Dr. Miner for a fresh supply of virus which they hoped would prove better than that from New Zealand.

It was ordered that the physician at the government dispensary be temporarily appointed to fill the place of Dr. Henri McGrew on the board of examiners at the leper receiving station at Kalihi.

Agent C. B. Reynolds stated that another examination of the lepers at the station was desirable soon—next week, if possible—as the present lot had to be kept constantly under guard.

At 12 o'clock the board adjourned subject to the call of the president.

Will Study Law.

Prof. J. Q. Wood, who has been a teacher of mathematics and English literature at Oahu College during the past two years, leaves by the steamer Australia to attend the law department of Harvard College for three years. He intends also while at Harvard to pass examinations for the A. M. degree. Mr. Wood will spend several weeks in California visiting relatives, and another several weeks at the Chicago fair, reaching Harvard next September. Mr. Wood's numerous friends wish him bon voyage.

Bicycle Importation.

Mr. George H. Paris received by the steamer Australia \$1500 worth of Columbia pneumatic-tire bicycles, which is probably the largest lot of high grade machines ever brought to Honolulu at one time. Among the large lot it is worth mentioning that five are ladies' wheels, and as many as five different styles for ladies and gentlemen are included. As there is already a ladies' bicycle club organized here it is expected the present importation will increase the interest therein.

An Office Abolished.

The office of inspector of lepers has virtually been abolished by the order of the board of health. Mr. David Dayton, who has heretofore held the position, retired from the office on the 15th of the present month and no successor will be appointed, as the work properly falls under the executive officer of the board, Mr. C. B. Reynolds.

Another Dividend.

Word has been received from Chicago that the Cyclorama company will pay at once a second dividend of ten per cent. to shareholders. This makes two dividends within a few months aggregating twenty per cent. and are likely the smallest that will be paid, as the receipts of the Cyclorama are increasing, as the fair progresses.

She Must Be Good.

Lewis J. Levey has received a letter from the manager of the Adele Payn dramatic company, who wants to know if a season of ten or twelve weeks in this city would pay. He says his star can play anything from Hamlet to a harmonica which is saying a great deal for her versatility.

Election of Officers.

The Pioneer Building and Loan association has elected the following officers for the ensuing year: President, Theo. F. Lansing; Vice-President, S. B. Rose; Secretary, J. G. Rothwell; Treasurer, J. H. Fisher; Attorney, Charles Carter.

The Marshal Is Better.

Marshal Hitchcock's condition is reported as being very much better. He is expected to be at his office to-day. In all probability he will leave for Hawaii on Friday and will be absent a week or two.

How They Stand.

The following is the standing of the clubs of the Hawaiian Baseball League, season of 1893:

CLUBS.	PLAYED.	WON.	LOST.
Kamehameha.....	9	9	0
Hawaii.....	10	3	7
Crescents.....	9	2	7
